ORIGINAL BMW ACCESSORIES.
BMW 6 Series GRAN TURISMO, BMW 7 Series, BMW 8 Series AND BMW X7.

Sheer Driving Pleasure
MAXIMUM INDIVIDUALITY: OUR ACCESSORIES FOR YOUR BMW.

You have already proven your personal style when choosing your BMW. With the matching Original BMW Accessories, you can tailor your vehicle even more individually to your life and your requirements.

This catalogue presents you with a selection of highly developed products that optimally fulfill individual wishes for mobility in every situation. Original BMW Accessories are perfectly matched to your model in terms of design, functionality, quality and performance and – just like your vehicle – are manufactured in uncompromising quality.

Find out more about Original BMW Accessories and Services from your country webpage at bmw.com or from your BMW Service Partner.
THE MOST IMPORTANT THING FOR US: YOUR STRONG APPEARANCE.

Maximum individuality at first glance. Ultra-sporty BMW M Performance Parts Accessories signalise dynamics beyond the norm. Thanks to the large selection of Original BMW light alloy wheels, you can individually perfect the driving dynamics and unmistakable appearance of your BMW down to the last detail. The forged wheels in particular are artfully crafted masterpieces. They are made of one piece of aluminium and are weight-optimised using the high-quality flow-forming process.

Original BMW complete wheels are fitted with star-marked tyres and TPMS sensors. More details are available from your dealer or on the internet.

1. Pedal covers, stainless steel
   - Minimalist design, precise workmanship: the stainless steel pedal cover gives the footwell an unmistakably dynamic high-tech character.

2. Floor mats
   - Premium look, outstanding grip: The M Performance floor mats add an individual athletic touch to the front footwell, lending the whole car a more dynamic appearance.

3. Leather-Alcantara steering wheel
   - The sporty steering wheel with Alcantara-lined grip area provides excellent feel and grip for a more direct steering feel. The perfect match: the steering wheel trim in carbon fibre/leather and the carbon-fibre gearshift paddles.

4. Kidney grille in black high-gloss, front air conducting elements and carbon-fibre Air curtain
   - The kidney slats and surrounds in high-gloss black exude power and dynamism. The front air conducting elements and carbon-fibre Air curtain emphasise the premium-quality, dynamic appearance of the car.

BMW M PERFORMANCE PARTS

BMW M Performance Parts is the name given to an exclusive accessories programme that allows you to make your BMW even more sporty. Retrofit components for the drivetrain, suspension, aerodynamics and cockpit – specifically designed for your vehicle – enable you to personalize the dynamic character of your BMW. Your BMW dealer will be happy to advise you on these and other BMW M Performance Parts for many BMW and BMW M models.
COMPLETE WHEELS
BMW 6 SERIES GRAN TURISMO AND BMW 7 SERIES

1 21" V-spoke style 687
High-quality 21" light alloy wheels in Bicolour Jet Black, gloss-lathed, with a rolled-steel rim bed.

2 21" Multi-spoke style 629

COMPLETE WHEELS
BMW X7

1 22" M Performance wheels Y-spoke style 785 M
The high-quality 22" forged wheels are designed in Bicolour Jet Black matt, glass-lathed, with milled M Performance lettering.
THE GREATEST OF FEELINGS: PERFECTION IN EVERY WAY.

Relax on the road – because you are optimally equipped from start to finish. The Original BMW Accessories for Interior and Travel offer you practical solutions on a premium level. High-quality materials and millimetre-precise fits guarantee perfect function and lasting pleasure in design.

TRAVEL & COMFORT SYSTEM

The Travel & Comfort System unites a variety of different holders and attachment solutions in one system, achieving an even higher degree of travel comfort inside the vehicle. The foundation of the system is the basic carrier (1), which is securely mounted between the headrest pillars. The following system attachments can be quickly and easily attached to it via a plug-in coupling. Available exclusively for the new BMW X7: the “Travel & Comfort” option, to which various attachments can be quickly and easily attached to the back of the seat backrest and smartphones or tablets can be charged using the integrated USB charger.

2 Universal hook

The universal hooks for transporting clothing or lightweight bags can be attached to the basic carrier or to the “Travel & Comfort” optional equipment (only BMW X7).

3 Clothes hanger

The BMW clothes hanger makes it possible to hang pieces of clothing on the rear side of the backrest. Thanks to the plug-in coupling, it can be quickly and easily attached crash-proof to the separately available basic carrier or to the “Travel & Comfort” optional equipment. Thanks to the hotel function (standard clothes hanger), it can also be used outside the car.

4 Universal holder for tablets

The practical Universal holder is adjustable and attaches to the separately available basic carrier or the “Travel & Comfort” optional equipment. In conjunction with the BMW Safety Case, it provides secure hold for many Apple or Samsung tablets from 7 to 11” and thanks to the 360° swivel frame with angle adjustment, it can be locked in any desired position at all times.

5 Folding table

With an attractive BMW design, adjustable for height and angle and featuring an additional integrated cupholder.
1 **LED torch**

The BMW LED torch features an elegant stainless steel design, very low energy consumption, a lifespan of up to 3,000 charging cycles and an extremely large lighting range. The powerful battery can be recharged by simply plugging the torch into a 12-volt on-board socket.

2 **LED door projectors**

When the doors are opened, an individually selected graphic is projected on the ground adjacent to the vehicle, for perfect illumination of the entry area.

3 **Travel rug**

The high-quality travel blanket with one beige and one dark brown side is made from 100% superfine Merino wool and woven in the Jacquard technique.

4 **Key case for display key**

The perfectly fitting BMW key case in high-quality black leather ‘Nappa’ reliably protects the BMW Display Key against dirt and scratches.

5 **Key case**

The perfectly fitted key case, made from high-quality leather is firmly connected to the key by a stylish metal clip.

6 **Floor mats exclusive**

Set filigree accents at the front (6.1) and back (6.2) with fine diamond-shaped embroidery patterns and seams in contrasting colours. The rear floor mats are connected by a bridge that rests precisely on the central tunnel. The high-quality and at the same time durable artificial leather fits perfectly to the contours of the floor covering and offers optimum protection against dirt, moisture and wear.

7 **All-weather floor mats**

The precisely fitting, hard-wearing all-weather floor mats feature raised edging, an attractive design and protect the front or rear footwells from damp and dirt. They are black and feature a stainless steel inlay.

8 **Floor liners**

The anti-slip, water-resistant and durable BMW floor liner with all-round raised border protects the front and rear footwall against moisture and dirt. In black with stainless steel inlay. A special 3D format to dovetail perfectly both in terms of look and fit.
Always reachable, everything under control and at the same time well entertained – this is how the digital communication, information and entertainment equipment supports your goals in all ways. Original BMW accessories reach a new level of perfection with their thoroughly thought-out solutions. Leading technology, simple and convenient operation and precisely matched connections make the use of these products a relaxed pleasure.

THE BEST FOR TODAY: 
THE TECHNOLOGY OF 
TOMORROW.

1 Advanced Car Eye 2.0
BMW Advanced Car Eye 2.0 is a highly sensitive Full HD camera, which keeps an eye on what is going on in front of and behind the vehicle even by night and when it is parked. Thanks to intelligent radar technology and G-sensor, disturbances and extraordinary movement can be detected outside the vehicle and distinguished from normal movement. The camera automatically records the situation in order to document possible accidents or (attempted) break-ins.

2 Dual USB charging device
The dual USB charging adapter is simply inserted into the cigarette lighter. This allows two external mobile devices to be conveniently charged at the same time.

3 On-ear wireless headphones
The premium on-ear wireless headphones are especially designed for the BMW rear entertainment system. Apart from being incredibly comfortable, the headphones are also notable for their exceptional sound quality and attractive BMW design.

4 Adapter cable
For individualised listening pleasure, a compatible device can be integrated into the car’s operating system and charged using the adapter cable.

5 Wireless Charging Station Universal
Thanks to the BMW Wireless Charging Station Universal, the smartphone can be charged comfortably without a cable – even outside the vehicle.

6 Wireless charging case
The wireless charging cover enables inductive charging of the Apple iPhone™ 5/5s up to 7/7 Plus. The innovative mobile phone case is compatible with all Qi-certified charging devices and also protects the phone.

The permissibility and application of the video recordings depends upon the laws and regulations of the country in which the camera is used. Please inform yourself of these laws before your journey. Whether on the way to a long weekend in a mountain hut or on a trip to the sea – when it comes to transporting bulky luggage or sporty equipment simply and safely to your favourite places, you can rely on Original BMW Accessories. Whether roof or rear carrier, whether surfboard, mountain bike or a briefcase on the back seat – everything reaches its destination safely and ready for use with you.

NO MATTER WHERE YOU GO: YOU HAVE EVERYTHING WITH YOU.

ROOF TRANSPORT

The basis for all BMW roof rack mounts are the roof rack and roof cross bars (1), which are matched to each model. They harmonise perfectly with all BMW roof rack mounts and roofboxes and are particularly easy to fit. With their stable construction and the anti-theft locking systems, they meet the highest quality and security requirements.

2 Roofbox 320
Can be opened from both sides with triple central locking. In Black with side panel in Titanium Silver. 320-litre capacity; fits all BMW roof rack systems (similar illustration).

3 Roofbox 420
420-litre capacity lockable roof box with double-sided opening system. In Black with side panel in Titanium Silver, suitable for all BMW roof rack systems.

4 Roofbox 520
Black lockable roof box, accessible from both sides with side panel in Titanium Silver. 520-litre capacity; fits all BMW roof rack systems. Awarded as “Red Dot Award 2016 Winner”.

Roof box 32
Can be opened from both sides with triple central locking. In Black with side panel in Titanium Silver. 320-litre capacity; fits all BMW roof rack systems (similar illustration).

Roof box 420
420-litre capacity lockable roof box with double-sided opening system. In Black with side panel in Titanium Silver, suitable for all BMW roof rack systems.

Roof box 520
Black lockable roof box, accessible from both sides with side panel in Titanium Silver. 520-litre capacity; fits all BMW roof rack systems. Awarded as “Red Dot Award 2016 Winner”.

Roof box 32
Can be opened from both sides with triple central locking. In Black with side panel in Titanium Silver. 320-litre capacity; fits all BMW roof rack systems (similar illustration).

1 Ski and snowboard holder extendable at the side
The lockable ski and snowboard carrier that can be extended on the sides provides secure hold for up to five pairs of skis or four snowboards and makes it easier to load higher vehicles. It can be combined with all BMW roof racks and roof cross bars and can also transport ski poles and meets the highest quality and safety standards.

2 Rear bicycle rack, Pro 2.0
The Pro 2.0 rear bicycle rack is lightweight yet sturdy and can carry up to 60 kg. Exceptionally easy to use, it carries two bicycles or e-bikes (can be extended to accommodate three bicycles). Its tilt function also allows easy access to the luggage compartment at all times.

3 Racing bicycle holder
The racing cycle holder is suitable for all BMW roof rack systems. It allows for the secure transport of up to four racing bikes. To attach the bikes, the quick-release front wheels have to be removed. The separately available front-wheel holder makes it possible to fasten these wheels to the BMW roof rack system.

4 Touring bicycle holder
Extremely stable lockable touring bicycle holder for securely transporting touring, racing, touring or children’s bicycle or mountain bikes up to 20.5 kg.

5 Exclusive fitted luggage compartment mat
The exclusive fitted luggage compartment mat made of black imitation leather with an elegant embroidery pattern and metal insert reliably protects the luggage compartment from dirt.

6 Fitted luggage compartment mat
Anti-slip, water-resistant mat for protecting the luggage compartment from dirt and moisture. In black with stainless steel relay matching the interior.

7 Folding box
The folding box, with its load capacity of up to 20 kg, can be used to store smaller items or as a shopping crate. It can be effortlessly folded and unfolded thanks to Velcro strips, is slip-resistant and easily stored to save space when not in use. Available in black or black/red.

8 Loading sill mat
The durable mat protects the loading sill during loading and unloading and the luggage compartment from scratches and dirt. It is attached using moveable hook and loop fasteners on the rear fastening points in the luggage compartment. It can also be laid out as an anti-slip mat in the luggage compartment.

9 Electric cooler bag
The attractive electric cooler bag in Black and Anthracite has a 12-litre capacity. When plugged into the 12 V socket, the integrated cooling unit reduces the temperature inside the bag actively.
PERSONAL TOUCH: THE FRESHEST FRAGRANCE FROM BMW.

BMW Natural Air (1) ensures a fresh interior atmosphere – with essential oils. The holder is quick and easy to attach and colour-matched to the interior. The fragrance sticks are fluid-free and interchangeable and there is a choice of six aromas – for example, Sparkling Raindrops and Energizing Tonic – each manually adjustable for intensity.

BMW Ambient Air (2) also offers an exclusive fragrance experience for the vehicle interior. The intensity of the high-quality fragrance (available as an option) is controlled by the iDrive Controller. There are ten multi-layered fragrances available, divided into two different suites. Each suite has its own scent room and contains a light (No. 1) and heavier (No. 2) scent. The scents of dew-covered green meadows, noble wood tones with the energy of cool forests or refreshing sea surf as well as nuances of mandarins and grapefruit peels are, for instance, available. This compact, handy shape of the cartridges makes them easy to install and remove in the glove compartment.

The specialists at your authorised BMW Service Partner offer true peace of mind when it comes to servicing and repair. Not only are they highly qualified, but they also work with state-of-the-art diagnostic equipment and repair technologies. This means that your vehicle emerges from its service technically and visually as new. Thanks to BMW Service Inclusive, you only need to think about it once. After that, all included service and maintenance is covered by a one-time payment. That means carefree driving pleasure for you.
