JOY COMES FROM WITHIN.
ORIGINAL BMW INTERIOR ACCESSORIES.

1–3 Travel & Comfort System
This modular system is designed around a sturdy attachment for the headrest in the rear, a coat hanger, folding table, or a slimline base can be fastened quickly. The coat hanger allows clothes to be transported without creasing and can also be detached from the luggage and used to carry drives or outside the vehicle. The folding table provides passengers in the rear a convenient surface for placing items, including cup holders, a net and height adjustable数值. The universal hook offers a convenient place for hanging light shopping bags, car keys and more. The Travel & Comfort System is finished in a stylish matte black with silver highlights, and goes perfectly with the interior of the BMW X3.

4–6 Interior chrome package
Design adds complement the exterior trim finishes in matt with silver and the Instruments Silver line-in-a-line finish. The package comprises various decorative strips in BMW exterior chrome for the instrument panel, the central display, the front storage compartment in the centre console, the back of the centre console, the door sills and the headliner. These decorative strips are available on the interior trim finished and give an exclusive feel to the interior of the vehicle.

Leather gear lever knob with decorative stripe
The leather gear lever knob with decorative stripe is a practical addition to the interior of the BMW X3. The perfect finishing touch to the interior.

Sports leather steering wheel with decorative stripe
Diameter 360 mm. Also available for vehicles with steering wheel heating.
JOY MAKES ITSELF SEEN AND HEARD.
ORIGINAL BMW COMMUNICATION AND INFORMATION ACCESSORIES.

1 - 3 BMW Holder for Apple iPod
In combination with the BMW Car Hotspot, this allows passengers in the rear to make full use of all the functions of their iPod. Using the holder, the iPod can be securely mounted on the seat armrest of the Travel & Comfort System (p. 7) and released again without a button. The position of the device can be adjusted for maximum comfort and ease of use whether you are reading, watching videos or sending emails. And thanks to a dust cover on the back, the holder can also be used outside the vehicle.

4 - 5 BMW Car Hotspot
Need to track your vehicle’s location or check on messaging on the move, or look up something up on Wikipedia? The BMW Car Hotspot allows you to do the latter, plus surf the web or use apps, proactively or in real time. Various different devices, including the iPod, laptop or games console, can all access a wireless internet connection at the same time, either a USB port in the BMW Car Hotspot or a mobile phone via a SIM access profile. This BMW Car Hotspot delivers the same services, using a snap-in adapter, with a combination of Wi-Fi (IEEE 802.11) and GSM technology ensuring the best possible connection. A visual display shows the current connection status. Internet access can be switched off if you have a roaming area envying optimum signal reception, and also max speed reduction on this website.

6 BMW Portable navigation system
The perfect combination of practicality and functionality and cutting-edge design. The latest generation of the BMW Portable Navigation System blends seamlessly into the window, with no visible wiring. The devices hide securely in place, and navigation prompts are relayed to the vehicle’s loudspeakers. It also includes various additional features, such as lane assist, and 3D building and junction views.

For more information on BMW Portable Navigation System and the latest accessories feel free to call or visit the Accessories section on the BMW website.

7 BMW Link
The BMW Link app for your iPhone combines telephone and music playback functions with selected iDrive Connective Experience, such as weather, online feeds from your destination, and BMW roadside assistance, plus model specific navigation and a host of features. The display of the BMW Link app is in landscape format, and the switch between day and night has been optimised for car use. Wherever the BMW iDrive system by Apple iPhone (see Fig. 8) is also fitted, an output for navigation prompts and phone calls is in the vehicle loudspeakers, even when the CD player module is being used to play music. BMW Link is available from the Apple App Store.
1 Snap-in adapter
A docking system suitable for current Apple iPad, iPod, Motorola and Sony Ericsson handsets, and iPod/iPhone/iPodClassic/iPod Mini. With the interchangeable adapter specific to an adapter, one can charge their mobile phones via the mobile phone preparation with Bluetooth interface. An external serial area is the best possible reception at all times. For Apple iPhone 3G/3GS and iPhone 4handsets, a snap-in module adapter is also available. In addition, the display portion of the snap-in adapter, the Bluetooth adapter, and also enables music files stored on the device to be played over the vehicle’s audio system, and shows the cover artwork on the control display.

2 Park Distance Control
For the rear bumper, this parking assist provides an acoustic warning for obstacles behind the vehicle. The accessory BMW Professional is fitted, the distance control is also shown on the control display.

3 Reversing camera
Shows the area behind the vehicle on the control display for safer reversing and parking at speeds up to 20 km/h. On vehicles fitted with this function, the reversing camera is also integrated into the audio system, for even greater ease of manoeuvring.

4 DVD changer (not shown)
With this optional function, a maximum of 6CDs can be changed while the vehicle is in motion. The radio buttons or control panel, or up to six DVDs, are controlled via the MP3/CD system.

5 BMW DVD system in rear
Consists of a seven-inch colour monitor built into the centre console and a DVD player. The DVD player plays DVDs and audio CDs in standard quality and also allows you to view stills from JPEG images, MP3 music files or video files (in common formats such as Xvid, AVI, MPEG, or MP4), or USB flash drives or auxiliary ports with a USB connection. The monitor in an installed unit can be rotated 180 degrees and tilted away for the optimum position, ensuring that it is not damaged. The optional accessory such as video cameras or video cameras can be connected via the additional diagnostic socket.

6 BMW Tablet/DVD system
Comprises of two panoramic seven-inch monitors, plus two holders that are attached to the headrest support bars. The DVD player can be used in the vehicle’s 12-volt power socket. The DVD player, which is integrated into the rear monitors, can also play DVDs, audio CDs, and audio DVDs in the digital format. In addition, JPEG images and music files on USB flash drives and memory cards of various formats can be viewed on the monitors. The portable monitors can also be used outside the vehicle. Audio playback is in either the monitors’ built-in loudspeakers, or headphones such as a wireless or wired headphones from BMW.
JOY MAKES SURE EVERYTHING GETS THERE SAFELY.
