NEW EXPERIENCE. NEW EXPRESSION.

The more you travel, the more you experience. This is what, so often, gives us new perspectives on life and new ways to express ourselves. With Original BMW Accessories for the Exterior, your BMW can become the perfect vehicle for this kind of expression – at its most distinctive and individual. And, of course, with the accent on sportiness, aesthetics and high quality.

In focus: 19" light alloy wheels Double-spoke style 361

In Bicolour Orbit Grey, burnished on the visible sides and with visible wheel bolts. Complete wheel set with mixed, run-flat tyres. Front: 7.5J x 19 with 225/35 R19 88Y XL RSC tyres. Rear: 8J x 19 with 245/30 R19 89Y XL RSC tyres.

EXTERIOR. BMW 1 SERIES. BMW 2 SERIES CONVERTIBLE AND COUPÉ.

1 19" light alloy wheels Double-spoke style 361
In Bicolour Black and with red rings for a bold and sporty appearance.

Locking wheel bolts (not pictured)
This set comprises four locking wheel bolts with special BMW coding. The bolts can only be opened using the supplied tool and consequently provide highly effective protection from wheel theft.

Park Distance Control, rear (not pictured)
This makes it much easier to reverse park and manoeuvre in tight spaces. Visual and acoustic alerts are provided when the vehicle approaches an obstacle.

Discover the style that best suits your BMW with the wheel configurator at
www.bmw.com/completewheels

2 19" light alloy wheels Star-spoke style 660
Forged, in Bicolour Orbit Grey and burnished on the visible sides.

3 19" BMW M Performance light alloy wheels Double-spoke style 405 M
Forged, in Bicolour Orbit Grey, burnished on the visible sides and featuring the BMW M logo.

4 + 5 19" BMW M Performance light alloy wheels Double-spoke style 624 M
These high quality wheels are finished in Bicolour gloss Black, burnished on the visible sides and feature visible wheel bolts.

6 18" light alloy wheel Radial-spoke style 388
In Ferric Grey, with visible wheel bolts and undercut behind the spokes.

7 Mud flaps
The robust black mud flaps protect both your vehicle and those following from dirt and stone chips. They are optimally matched to the vehicle's design, impressively accentuate the striking BMW look and are available in sets for the front and rear axles.

More quality, more sportiness, more safety: all benefits of Original BMW tyres bearing the star marking. For more information, see
www.bmw.com/bmwtyres-starmarking

BMW 2 SERIES ACTIVE TOURER AND GRAN TOURER.

1 19" light alloy wheels Turbine Styling 487

The high quality 19" light alloy wheels are in Bicolor Ferric Grey with a burnished finish and captivate with their strikingly sporty look.

2 18" light alloy wheels Double-spoke style 361

These wheels are in Bicolour Orbit Grey, burnished and, with their two-colour look, give the vehicle an even more dynamic profile.

3 18" light alloy wheels Y-spoke style 484

In Bicolour Ferric Grey and with a burnished finish.

4 18" M light alloy wheels Double-spoke style 486 M

These wheels, in Bicolour Ferric Grey and with a burnished finish, add a particularly sporty touch with their two-colour look.

5 17" M light alloy wheels Double-spoke style 483 M

With dynamic looks that accentuate the sporty profile of the vehicle.

Locking wheel bolts (not pictured)

This set comprises four locking wheel bolts with special BMW coding. The bolts can only be opened using the supplied tool and thus provide highly effective protection from wheel theft.

BMW X1.

1+2 19" light alloy wheels V-spoke style 573

These wheels are in Bicolour gloss Black, have a burnished finish and give the vehicle a strikingly sporty appearance with their exclusive look.

1+4 BMW M Performance front grille, black

For a first impression that lasts: the front grille in high-gloss black gives the vehicle an even more resolute and athletic-looking front profile. The gloss black framing also makes the inlets look larger and even more striking. Available for other BMW models.

1+5 BMW M Performance wing mirror caps, carbon

Meticulously hand-crafted in 100 per cent carbon: the striking wing mirror caps underscore the high-tech character of the vehicle. Their dynamic design creates a particularly high quality look and adds an individual, sporty accent. Also available for other BMW models

3 18" light alloy wheels Y-spoke style 569

These wheels are in Bicolour Orbit Grey and have a burnished finish on the visible sides. With their exclusive look, they give the vehicle a particularly sporty touch.

Mud flaps (not pictured)

The robust black mud flaps protect both your vehicle and those following from dirt and stone chips. They are optimally matched to the vehicle's design, impressively accentuate the striking BMW look and are available in sets for the front and rear axes. Also available for other BMW models.

➤ The full range of BMW M Performance Parts, in all its diversity, can be found at www.bmw.com/mperformance. Your BMW service partner will also be happy to provide you with a current BMW M Performance Parts brochure.

WHEN EVERY SEAT IS THE BEST SEAT.

Your interior, your choice: with Original BMW Accessories for the Interior, you can create a world inside your BMW that perfectly corresponds with your way of thinking. More style? More comfort? More functionality? Whatever matters to you most – it's all here. Transform your ideas into reality.

In focus: Travel & Comfort system – base carrier with GoPro holder, tablet holder

The base carrier of the modular system is securely mounted between the front seat headrest bars. Plug-in connectors now allow all GoPro action cams, Apple iPads and various Samsung Galaxy tabs to be easily attached and secured to the practical holder. Please see page 14 for further information.

1 - 3, 5 Travel & Comfort system

The Travel & Comfort system extends the vehicle's functionality. A variety of components can be effortlessly latched onto the sturdy base carrier, which is easily attached between the headrest pillars. The base carrier can be used with holders for different Apple iPads (Apple iPad 2, 3, 4, Apple iPad Air 1 or Air 2 and Apple iPad mini) as well as Samsung tablets (Samsung Galaxy Tab 3 10.1 and 4 10.1) (see page 13). It also includes a

port for a USB/charging cable and a 360° swivelling frame for the device. Additionally, a holder is available for all compatible GoPro action cams (see page 13). This is quick and easy to attach to the carrier and can be freely adjusted as required. There is also a practical folding table (pic 1). This has an attractive BMW design, is adjustable for height and angle and features an integrated cupholder with a chrome ring. The clothes hanger is another useful feature (pic 2). This makes it possible to hang pieces of clothing on the rear side of the backrest. It can also be used outside of the car (hotel function). The universal hook (pic 3) allows for pieces of clothing or light bags to be easily stowed on the rear side of the backrest, providing protection from dirt in the footwell. All Travel & Comfort system components have been crash-tested in BMW vehicles and comply with the particularly high safety standards of BMW. They can be ordered individually, as required.

4 Backrest bag

The high-quality bag is made of durable material and can be attached to the back of the front seat. Thanks to an array of inner pockets, it offers a wealth of storage space for various items and can also be easily folded and carried when needed. Available in black, black/Anthracite, black/red and black/beige.

4 Rear storage bag

This bag, available in black, black/Anthracite, black/red and black/beige, attaches to the centre safety belt and can serve as an armrest in the rear. It offers a great deal of storage space, plus two cupholders, and can be comfortably carried with the integrated shoulder strap.

6 + 8 Sunblind

The sunblind is available, depending on model, for the rear side windows or the rear windscreen and can even be used when the window is open. Thanks to its precisely fitting shape, it is particularly effective in protecting children from direct sunlight and also helps to reduce the temperature of the interior.

7 Group 0+ BMW Baby Seat

The infant car seat in black/Anthracite or black/blue offers optimum safety for babies up to approx. 13kg (approx. 15 months). Patented air pads provide particularly high impact protection for the head area. It is attached by using either the separately available ISOFIX base or the three-point safety belt.

8 Group 1 BMW Junior Seat

In conjunction with the ISOFIX base, the Group 1 BMW Junior Seat in black/blue or black/Anthracite is the safe option for children from approx. 12 months to four years old (approx. 9–18kg). It can be mounted either front- or rear-facing and, with its patented airpads, offers increased side impact protection for the head.

9 Group 2/3 BMW Junior Seat

Available in black/blue or black/Anthracite, this seat essentially grows with children from around three to 12 years of age (approx. 15–36 kg). It has ISOFIX connectors and patented air pads, affording particularly high impact protection for the head area. It also offers a patented height and width adjustment feature that can be operated with one hand. An included rucksack allows the seat to be carried when folded.

Simply scan the QR code to watch a video that describes the features and functions of the BMW child seats.

1 + 5 BMW LED doorsill finishers

The sophisticated doorsill finishers with illuminated BMW lettering automatically emit a discreet light when the doors are opened. The high-performance batteries for the LED lights last up to three years and changing them is as easy as installing the finishers.

1 + 2 All-weather floor mats

The precisely fitting, hard-wearing mats with their raised bordering and elegant design not only protect the front and rear footwells from damp and dirt, but also prevent feet from getting wet. They are in black and, depending on model, have either black (pic 1), red or beige edging or metal inlays (pic 2).

3 + 4 Textile floor mats

The precisely fitting textile floor mats with rubber backing provide reliable protection from dirt and damp in the front and rear footwells. They are available in black (pic 3), black/beige (pic 4) or black/red and feature a discreet BMW logo.

Auxiliary heater (not pictured)

This ensures a pleasant interior temperature without iced-up or fogged windows before the start of a journey. It also makes it faster for the engine to reach its optimal operating temperature. It is operated, depending on model, by remote control, mobile phone, the head unit or iDrive.

5 BMW LED door projectors

The innovative door projectors automatically activate when the doors are opened. They project an image onto the ground next to the car using an interchangeable slide. There are several designs for choose from, each illuminating the entry area in strikingly individual style.

6 Handbrake grip

The stylish handbrake grip is made from high quality black Mano leather. Accented with a middle section in either Black, Beige, Coral Red or Saddle Brown Dakota leather, it perfectly complements all the other interior equipment and accentuates the sporty character of the vehicle.

6 Key case

The key case in high-quality leather is firmly attached to the key by means of an elegant steel clasp. It protects against scratches, dirt and moisture and prevents buttons from accidentally being pressed. It is available in different styles and various colour combinations, depending on model.

7 BMW Natural Air

This comprises six interchangeable fragrance sticks and a special adjustable holder for all BMW models. The fragrances Purifying Green Tea, Energizing Tonic, Balancing Amber, Vitalizing Woods, Harmonizing Flowers and Sparkling Raindrops can be selected as desired.

RIGHT ON COURSE: AHEAD OF THE TIMES.

Go your own way – and take your world with you. With Original BMW Accessories for Communication & Information, you are always a step ahead of the times. With the things you enjoy. With practical touches that make life easier. With your friends and family.

In focus: BMW integrated Navigation with BMW Head-up Screen

Innovation always in sight. The retrofit BMW integrated Navigation system integrates perfectly with your vehicle. Particularly convenient and safe navigation is ensured thanks to operation via the iDrive Controller and high-resolution maps shown on the 6.5" vehicle display. The innovative BMW Head-up Screen is a transparent OLED display that shows instructions from BMW integrated Navigation and other important vehicle data. It is always in the driver's direct line of sight and, even in direct sunlight, is easy to read. Expected to be available in Europe, China and North America from the end of 2015.

1+2 Snap-in adapter

The Snap-in adapter is a secure docking and charging system for mobiles from manufacturers including Apple, Samsung, Nokia and Motorola. To ensure optimal network connection, the mobile accesses the vehicle's exterior aerial via the adapter. Depending on the vehicle and its equipment, the Snap-in adapter is available in Basic, Music, Media, Connect and Connect Universal versions. These also allow audio stored on a mobile to be played through the vehicle's speakers. Additionally, the adapter enables convenient operation via the iDrive Controller, multifunction steering wheel or radio.

3 BMW Click & Drive system

The BMW Click & Drive system, in combination with specially designed clips, holds compatible smartphones from Apple and Samsung as well as the BMW Portable Navigation unit. The holder itself is attached to the windscreen and enables the charging of devices.

4 BMW dual USB charger

The BMW dual USB charging adapter simply inserts into the cigarette lighter. This allows two external mobile devices to be easily and conveniently charged at the same time. The high current enables the likes of smartphones and MP3 players to be charged very quickly.

Micro USB adapter (not pictured)

This allows various mobile audio sources to be integrated in the vehicle, enabling individual music enjoyment and charging. Devices such as MP3 players and smartphones can be operated directly via the on-board control system.

5 USB adapter

This allows compatible Apple iPod or iPhone devices to be securely integrated into the vehicle, enabling individual music enjoyment and simultaneous charging. Functions are operated using the iDrive Controller, the multifunction steering wheel or radio and music is played through the vehicle's loudspeaker system.

6 BMW Advanced Car Eye¹

This consists of a high-sensitivity full-HD front camera and a rear windscreen camera which monitor activity to the front and rear of the vehicle, even at night. If a shock to the vehicle is detected – when, for instance, there is an accident or a break-in – the situation is automatically documented and stored by the cameras.

7 ALPINE HiFi system

With its natural sound quality, the ALPINE HiFi significantly improves audio performance. All components of the 420-watt, three-way loudspeaker system have been developed exclusively for BMW and specially adapted for the acoustics of the vehicle.

8 Tablet DVD system

The high quality Tablet DVD system allows rear passengers to experience the best in entertainment from either one or two portable screens. A DVD player and speakers are integrated into the system for the playback and enjoyment of music, video and images from various media.

Infrared stereo headphones (not pictured)

The infrared stereo headphones are specially designed for the Tablet DVD system. Their exceptional sound quality and outstanding comfort can be enjoyed by adults and children alike.

Digital roadmaps (not pictured)

The digital roadmaps for BMW navigation systems are your dependable travel guides, either in your own or in other European countries. In addition to the current road situation, they also offer the integrated Falk travel guide for valuable extra information on the move.

➔ For detailed information on the compatibility of smartphones and tablets with your BMW, please go to www.bmw.com/bluetooth

¹ The admissibility of the recording and utilisation of the video recordings depends on the legal regulations of the respective country. Please confirm the specific requirements before commencing a journey. Responsibility for use and compliance with applicable regulations lies with the user.

HIGH-ENERGY INSPIRATION.

Life has so much to offer. So it's good to know that you can be perfectly equipped to make the most of it with the innovative Transport and Luggage solutions from Original BMW Accessories. Wherever you happen to be going next: your BMW will be ready.

In focus: BMW rear bicycle rack

The BMW rear bicycle rack is designed to withstand high dynamic stresses and, thanks to a folding function, enables access to the luggage compartment. It is suitable for bikes weighing as much as 30kg and folds into a small packing size. For selected models, an additional transport rail is available for carrying a third bicycle.

1+2 BMW roof boxes

The contemporary boxes fit all BMW roof carrier systems and feature a two-sided opening system with triple central locking. Available in three sizes: 320, 350 (pic 2) or 460 litres (pic 1) and several other colour combinations.

1 - 8 BMW roof rack system

The BMW roof and rail carrier is optimised for all BMW roof racks and roof boxes and can be easily mounted. With its robust construction and anti-theft locking system, it also meets the highest quality and safety standards.

3 Ski and snowboard holder, lockable

This is compatible with all BMW roof rack systems and enables the secure transport of up to six pairs of skis, four pairs of skis with ski poles or two snowboards and two pairs of skis with poles. To prevent damage from raised ski bindings, **raised carrier bars** can be used to increase the gap between the holder and the roof of the car by 25mm.

4 Surfboard holder

The holder can be used to securely mount a surfboard and mast on all BMW roof rack systems. It features an innovative attachment system that makes handling particularly easy.

5 Racing cycle holder, lockable

Suitable for all BMW roof carrier systems, this allows for the safe transport of up to four racing bikes. A separately available front wheel bracket also enables the attachment of quick-release wheels that have been removed.

6 Ski rests in the roof box

The ski rests in the roof box allow skis to be securely fastened for transport. This prevents the skis from shifting when there is any abrupt movement of the vehicle.

7 Luggage rack

The lockable luggage rack, in highly durable anodized aluminium, can be used with the tensioning belts to add an abundance of storage space to any BMW roof rack system. The particularly tear-resistant belts feature sturdy turn-buckles and help prevent even the most unwieldy objects from moving around.

8 Touring cycle holder, lockable

The lockable touring bicycle holder is made from high-strength aluminium and enables the safe transport of a racing, touring or children's bicycle or a mountain bike. Bicycles weighing up to max. of 22.5kg can be attached with an easy-to-use clamping system.

01

02

03

1 + 4 Luggage compartment mat, fitted

The durable, anti-slip and water-resistant mat with raised bordering protects the luggage compartment from dirt and moisture. Different versions are available and all are designed to perfectly complement the luggage compartment.

1 Loading sill mat

The durable mat protects the loading sill during loading and unloading and the luggage compartment from scratches and dirt. It is attached using moveable velcro strips on the rear fastening points in the luggage compartment. It can also be used as an anti-slip mat in the luggage compartment.

1 Folding box

The folding box, with its load capacity of up to 20kg, can be used to store smaller items or as a shopping crate. It can be effortlessly folded and unfolded thanks to Velcro strips, is slip-resistant and can be easily stored away to save space when not in use. Available in black, black/red and black/beige.

2 Travel set

This comprises a cabin-size trolley and a carry-on bag, which can be used to create extra storage space on the rear seat. The pieces of luggage can be transported individually or stacked together. They are held in place using the seatbelt and feature their own anti-theft locks.

3 Rear seat protector

This cover, depending on version, protects either the entire rear seat bank or just the right-hand side from dirt and damp. This means that pets or cargo can be carried at the same time as rear passengers. Belts and buckles remain accessible for the use of a dog harness.

5 Luggage compartment net

This prevents loose items from slipping in the luggage compartment. The elasticated black netting features pull tabs and attaches via integrated S-hooks to the vehicle's existing lashing eyes.

6 Loading area protective mat

This protects the luggage compartment, including the sides, from dirt. When transporting larger items, the entire loading area, including the folded down rear seat backs, can be lined. Folding covers ensure that the fastening points remain accessible.

Ski and snowboard bag (not pictured)

The ski and snowboard bag allows up to four pairs of skis or three snowboards to be transported in the vehicle's interior and is available in various designs. For optimal safety, the bag must be attached to available fastening points using the lashing straps, which include carabiner hooks.

Mobility set (not pictured)

Thanks to its intuitive functionality, the mobility set makes it easy to get back on the road after a puncture. Regardless of tyre dimensions, tread damage of up to approx. 4mm can be repaired, allowing the vehicle to be driven on to the next BMW service partner.
