ORIGINAL BMW ACCESSORIES.
BMW 1 SERIES, BMW 2 SERIES, BMW X1 AND BMW X2.
Every BMW presents a world of fascinating possibilities – find out how you can make even more of them on the following pages. With contemporary Original BMW Accessories, available in four categories, life on the move is even easier, more comfortable, flexible and enjoyable.

Enhance your BMW with products that match your lifestyle and make everyday driving more relaxing. When it comes to design, functionality, quality and performance, Original BMW Accessories are perfectly adapted to your BMW. Make a clear statement – choose BMW.

Selected BMW Accessories can be experienced online in sound and images – simply download the BMW brochure app for your device. Depending on your mobile phone contract, costs may be incurred.
THE IDEAL EXPRESSION FOR EVERY STYLE.

Our large selection of light alloy wheels gives you the freedom to define the individual character of your BMW. And the choices available extend far beyond the examples presented here.

Discover more ways to personalize your car online. Many of the Original BMW complete wheels are equipped with star-marked tyres, run-flat tyres or TPM sensors. Your dealer will be happy to help you find the tyre that’s just right for your car.

M PERFORMANCE PARTS

BMW M Performance Parts is the name given to an exclusive accessories programme that allows you to make your BMW even more sporty. Retrofit components for the drivetrain, suspension, aerodynamics and cockpit – specifically designed for your vehicle – enable you to personalize the dynamic character of your BMW. Just ask your dealer for a BMW M Performance Parts catalogue.

1 19'' Double-spoke style 624 M

The high-quality 19” complete summer wheels in Bicolour matt Black are milled, forged, polished and feature the BMW M logo.

2 19'' Double-spoke style 405 M

The high-quality 19” BMW M Performance complete summer wheels in Bicolour Orbit Grey are forged, gloss-lathed and feature the four-colour BMW M logo.

3 Front grille, Black

Emphasizes the sporty and dynamic character of the vehicle. The surrounds of the front grille come in high-gloss Black.

4 Telescop trim, carbon

Strengthens the individual character of your BMW. Thermally decoupled and inlaid with the BMW M logo. Only in conjunction with BMW M Performance silencer system.
COMPLETE WHEELS
BMW 1 SERIES/2 SERIES CONVERTIBLE AND COUPE

1. 19” Double-spoke style 361
   In high-gloss Black and with red borders for a bold and sporty appearance.

2. 18” Star-spoke style 660
   The high-quality 18” light alloy wheels are forged and in Black/striped Silver, gloss-lathed on the visible side.

3. 18” Double-spoke style 385
   With their exclusive look, the light alloy wheels in Reflex Silver give the vehicle a particularly sporty touch.

4. 18” Radial-spoke style 388
   In Ferric Grey, with visible wheel bolts and undercut behind the spokes.

5. Valve caps
   The valve caps are available with the BMW or the M logo, and they lend your wheels an individual character.

6. Non-rotating hubcap*
   The non-rotating hubcap consists of the BMW logo, which doesn’t turn with the wheel but rather remains upright.

* The non-rotating hubcap can be mounted on all BMW light alloy wheels with a pitch circle diameter of 112 mm.

7. 16” Star-spoke style 376
   The clean design of the light alloy wheels in Reflex Silver accentuates the stylish look of your BMW.

8. 17” Star-spoke style 382
   With their exclusive look, the light alloy wheels in Space Grey give the vehicle a particularly sporty touch.

9. 17” Turbine Styling 381
   The powerfully striking style of these alloy wheels puts the spotlight on performance. Finished in Reflex Silver.

10. 17” Y-spoke style 380
    Classically sophisticated form in Reflex Silver.
**COMPLETE WHEELS**

**BMW 2 SERIES ACTIVE TOURER AND GRAN TOURER**

1. **17" Star-spoke style 478**
   With a look that highlights the vehicle’s compellingly sporty appearance.

2. **18" Double-spoke style 361**
   The high-quality 18" light alloy wheels are in Bicolour Orbit Grey, gloss-lathed and lend the vehicle an extremely athletic appearance with their two-tone look.

3. **19" Turbine Styling 487**
   Finished in Bicolour Ferric Grey and burnished, for a captivatingly sporty look.

4. **19" style 766 M (Active Tourer)**
   The high-quality 19" light alloy wheels in Double-spoke design are in Bicolour Matt Black, gloss-lathed and accentuate the vehicle’s sporty appearance with their look.

**COMPLETE WHEELS**

**BMW X1/X2**

5. **18" Y-Speiche 566**
   These wheels are in Black (2.1) or Bicolour Ferric Grey, burnished (2.2). With their exclusive look, they give the vehicle a particularly sporty touch.

6. **19" V-spoke style 573**
   These wheels are in Bicolour gloss Black, have a burnished finish and give the vehicle a strikingly sporty appearance with their exclusive look.
A PIECE OF HOME FOR EVERY JOURNEY.

Sheer driving pleasure – whether you’re in heavy traffic or heading off for the weekend. With Original BMW Accessories you can always stay relaxed amid the everyday stresses of life. This is because, among other things, the most important things are comfortably at hand when you’re on the move. And because practical and easy to use Original BMW Accessories give you the feeling of being at home on the road at all times.

TRAVEL & COMFORT SYSTEM

The Travel & Comfort System combines a variety of different holders and attachment solutions in one system, achieving an even higher degree of travel comfort inside the vehicle. The foundation of the system is the basic carrier, which is easily mounted between the headrests, and just as easily removed. The following system attachments can be quickly and easily attached to it via a plug-in coupling.

1. Clothes hanger
   This allows you to hang items of clothing on the rear side of the backrest. It can also be used outside of the car.

2. Folding table
   With an attractive BMW design, adjustable for height and angle and featuring an additional integrated cupholder.

3. Universal holder for tablets with safety case
   The practical Universal holder is adjustable and attaches to the base carrier from the Travel & Comfort system. It provides secure hold for various Apple or Samsung tablets with the Travel & Comfort tablet safety case from seven to 12 inches and can be placed in the desired position thanks to its 360° rotating frame with angle adjustment.

4. Universal hook
   For stowing pieces of clothing or light bags on the rear side of the backrest.

5. Action camera holder
   For secure hold of action cameras (recommended: GoPro and NikonKeyMission 360). When attached to the holder, a camera can be rotated by 360° and be operated either by an app or – depending on equipment – the iDrive Controller.

Cinematic impressions of the Travel & Comfort System’s versatility can be found in the BMW Catalogue app.
The sunblind for the rear side windows can even be used when the window is open. Thanks to its perfectly fitting design, it is particularly useful for protecting children from direct sunlight. It also helps to reduce the temperature in the vehicle.

1. Sunblind

2. Backrest protector and child seat underlay
   The child seat underlay protects the rear seat against grime and pressure marks in the upholstery from the child seat, while the backrest protector keeps the backrest from getting dirty and worn.

3. Baby Seat 0+
   Baby seat in Black/Anthracite with patented air pads for children under approx. 13 kg (approx. 15 months old). For secure installation on the separately available ISOFIX base, or using the seat belt.

4. Junior Seat 1
   Seat in Black/Anthracite with patented air pads for children from approx. 12 months to 4 years old (approx. 9–18 kg). For secure mounting on the separately available ISOFIX base.

5. Junior Seat 2/3
   This seat in Black/Anthracite "grows" with children from around 3 to 12 years of age (approx. 15–36 kg). With patented air pads for increased protection against impact to the head and ISOFIX connectors. The patented height and width adjustment can be operated with one hand and the seat can be folded away into the accompanying rucksack for easy transportation.

6. All-weather floor-mats
   The precisely fitting, hard-wearing all-weather floor-mats feature raised edging, an attractive design and protect the front or rear footwells from damp and dirt. They are available in black and, depending on the line, with edging in various colours or with an insert with colour accents.

7. Textile floor-mats
   The precisely fitting textile floor-mats for the front or rear footwells have waterproof rubber backing and provide reliable protection from dirt and damp. They feature a discreet BMW logo and are available in black, black/beige or black/red.

8. LED doorsill finishers
   The sophisticated doorsill finishers with illuminated BMW lettering automatically emit a discreet light when the doors are opened. The high-performance batteries for the LED light last for up to three years and changing them is as easy as installing the finishers. Also available with M Performance lettering.
1 LED door projectors
When the doors are opened, an individually selected graphic is projected on the ground adjacent to the vehicle, for perfect illumination of the entry area.

2 LED torch
The BMW LED torch features an elegant stainless steel design, very low energy consumption, a lifespan of up to 3,000 charging cycles and a remarkably large lighting range. The powerful battery can be recharged simply plugging the torch into a standard 12-volt on-board socket.

3 LED luggage compartment lights
The easy-to-install BMW LED luggage compartment light produces illumination five times brighter than the standard lighting. In combination with the optimised lighting characteristics, it ensures that the luggage compartment is sufficiently illuminated, even in poorly-lit garages or car parks.

4 M Performance Alcantara steering wheel II with carbon trim and Race display
Featuring an integrated function display in the top part of the steering wheel rim. This uses the latest OLED technology and two-tone LED displays. Buttons in the thumb rest area can be pressed to activate Race, Sport or EfficientDynamics modes.

5 Key case
The high-quality key case in leather attaches to the key via an elegant metal clip and provides protection from scratches, dirt and moisture. It also prevents buttons from accidental activation. Different versions and colour combinations are available depending on model.

6 Handbrake grip
The stylish handbrake grip is made from high-quality black Mano leather. Accented by a middle section in either Black, Beige, Coral Red or Saddle Brown Dakota leather, it perfectly complements all the other interior equipment and underscores the sporty character of the vehicle.
ALWAYS MAKE THE BEST CONNECTION.

Connect on the go. Our digital communications and information solutions can be individually extended and tailored to your needs so you can access your contacts and all relevant media when you travel in your BMW. Features range from a USB adapter right through to a vehicle monitoring system.

Wallbox

For fast charging at home, the elegant Wallbox (22 kW/three-phase) comes in three models. All three can be flexibly and easily connected to your household electricity supply. The Wallbox Plus allows you to control access using a chip card reader; the Wallbox Connect offers many practical functions thanks to its WiFi connection and Digital Charging Service. Both models can be controlled by app.

Charging cable for public charging stations

The charging cable for public charging stations facilitates quick and simple charging at public charging stations that support mode 3. BMW electric vehicles and BMW hybrid vehicles can be charged up to eight times faster than with the supplied standard single-phase charging cable. This is possible throughout Europe thanks to the ECE-standard plug.

E-MOBILITY

With its intelligent products, BMW is a worldwide market leader in the field of electro-mobility. It is completely redefining the possibilities for individual mobility – from consistent sustainability throughout the entire value creation chain to intelligent mobility services to innovative charging solutions. Your BMW partner can provide you with further information on BMW i accessories such as the BMW iV app for remote control of your electric or hybrid vehicle.
1. **Click & Drive system**
   The BMW Click & Drive System allows most types of smartphone to be held in position in the vehicle and charged. Thanks to a universal clasp and 360° swivel arm, any smartphone with a maximum width of 78 mm can be safely and comprehensively used.

2. **Snap-in adapter, universal**
   The universal snap-in adapter provides secure docking and quick charging of Apple devices with a Lightning connector as well as playback of stored music. Depending on the vehicle and its equipment, album covers can also be shown in the on-board display. Available exclusively for vehicles with a base plate.

3. **USB adapter/micro USB adapter**
   A compatible Apple iPod or iPhone device can be integrated and simultaneously charged using the USB adapter to access your digital music selection. The system can be operated via the iDrive Controller, the multifunction steering wheel or the radio. The micro-USB adapter can perform the same task for other audio sources such as MP3 players or smartphones.

4. **Advanced Car Eye 2.0**
   The BMW Advanced Car Eye 2.0 is a highly sensitive, full-HD wide-angle camera that captures what’s going on around the car, even at night. If the vehicle is shaken by an impact or in the event of unusual motion outside the car, the integrated front and rear cameras automatically record the situation in order to document possible accidents or attempted break-ins.

5. **Alpine HiFi system**
   With its natural sound quality, the ALPINE HiFi significantly improves audio performance. All components of the 420-watt, three-way loudspeaker system have been developed exclusively for BMW and specially adapted for the acoustics of the vehicle.

6. **Head-Up screen**
   The BMW Head-Up Screen projects relevant driving data and – in combination with a smartphone and the Garmin app – navigation information into the driver’s direct field of vision, so that the driver can concentrate on the road. The transparent display is also optimally legible in direct sunlight. It is even easier to use with vehicles with Business or Professional Navigation Data transferred from the navigation system directly to the Head-Up Screen and doesn’t require the use of a Garmin app.

7. **Dual USB charging device**
   The BMW dual USB charging adapter is simply inserted into the cigarette lighter. This allows two external mobile devices to be easily and conveniently charged at the same time. The high current enables devices, such as smartphones and MP3 players, to be charged very quickly.

---

The permissibility and application of the video recordings depends upon the laws and regulations of the country in which the camera is used. Please inform yourself of these laws before your journey. The user is responsible for the application of the camera system and for compliance with the stipulations of the country in which it is used.
TRANSPORT & LUGGAGE SOLUTIONS
THE IDEAL SOLUTION FOR ALL KINDS OF LUGGAGE.
Whatever your plans may be, BMW is likely to have the perfect logistical solution. Whether you’ve got a lot of kit or just a small piece of luggage, carrying it should be secure, comfortable and, not least, as easy as possible. Which is why all of our transportation products are tailored precisely to the dimensions of your BMW – from the 520-litre capacity roof box to clever ways to keep those small items in order.

ROOF RACK SYSTEMS
The BMW roof rack and roof rails are optimised for all BMW roof rack mounts and roof boxes. They are easily installed and comply with the highest standards in quality and safety thanks to their sturdy construction and a lock system that protects against theft.

1. Roof box 320
   For up to five pairs of skis and compatible with all BMW roof rack systems. Can be opened from both sides, 320 litre capacity and has a triple central locking on each side.

2. Roof box 420
   420-litre capacity lockable roof box with double-sided opening system. In Black/Titanium Silver and suitable for all BMW roof rack systems.

3. Roof box 520
   Lockable roof box, can be opened from both sides, in Black/Titanium Silver, 520-litre capacity. Fits all BMW roof rack systems.

More information on installation and production of the BMW roof rack system can be found in the film in the BMW Catalogue app.
1 Touring bicycle holder, lockable
Extremely stable lockable touring bicycle holder for securely transporting a racing, touring or children’s bicycle or mountain bike up to 22.5 kg.

2 Racing cycle holder, lockable
This racing cycle holder is suitable for all BMW roof rack systems. It allows for the secure transport of up to four racing bikes (max. 17 kg). To attach the bikes, the quick-release front wheels have to be removed. The separately available front-wheel holder makes it possible to fasten these wheels to the BMW roof rack system.

3 Rear bicycle rack, compact
For two bicycles (max. 30 kg). It is easy and secure to attach and can be stored, folded and rash-safe, in the luggage compartment recess.

4 Rear bicycle rack, Pro 2.0
The Pro 2.0 rear bicycle rack is lightweight yet sturdy and can carry up to 60 kg. It can be extended to accommodate three bicycles or e-bikes. Its tilt function also allows easy access to the luggage compartment at all times.

5 Ski and snowboard holder, lockable
The lockable ski and snowboard carrier that can be extended on the sides provides secure hold for up to five pairs of skis or four snowboards and makes it easier to load higher vehicles. It can be combined with all BMW roof rack systems and can also transport ski poles and meets the highest quality and safety standards.

6 Luggage rack
The luggage rack provides versatile and useful storage space. It is made from highly durable, anodised aluminium, can be locked and is designed to exactly fit the BMW roof rack systems. This luggage rack features an attractive design and is easy to attach and use.

7 Surfboard holder
The holder’s innovative fastening concept makes it easy to handle and to securely attach a surfboard and mast to any of the BMW roof rack systems.
Backrest bag
Ideal for trips with the kids. The bag has a washable kick plate which is attached to the backrest of the front seats. It offers ample storage possibilities for different travel essentials with various closable pockets and a separate bottle holder. It is easy to carry and collapsible.

Loading sill mat
The durable mat protects the loading sill during loading and unloading and the luggage compartment from scratches and dirt. It is attached using moveable Velcro strips on the rear fastening points in the luggage compartment and can also be laid out as an anti-slip mat in the luggage compartment.

Folding box
The folding box, with its load capacity of up to 20kg, can be used as a small suitcase or as a shopping crate. It can be easily folded and unfolded thanks to Velcro strips, is slip-resistant and easily prevents the wave-up when not in use. Available in black or black/red.

Travel set
The travel set, specially developed for BMW convertibles, comprises a cabin-size trolley and a carry-on bag, which can be used to create extra storage space on the rear seat. The luggage can be transported individually or stacked and secured with the safety belts. They feature locks to prevent theft.

Electric cooler bag
The attractive electric cooler bag in Black and Anthracite has a 14-litre capacity. When plugged into the 12 V socket, the integrated cooling unit reduces the temperature inside the bag by as much as 18°C below that of the car interior.

Fitted luggage compartment mat
The anti-slip, water-resistant and durable mat with raised bordering protects the luggage compartment from dirt and moisture. Available in different versions, it perfectly blends in with the luggage compartment.

Luggage compartment floor net
With the luggage compartment floor net, loose cargo and smaller objects can be secured quickly and safely even against slipping in the luggage compartment. The black netting with integrated S-hooks simply attaches to the luggage compartment's built-in fastening points, making it always ready for use in the vehicle.
Original Care Products from BMW ensure that high-quality BMW paint finishes can withstand everyday adverse influences and fine surfaces such as leather and wood retain their natural appeal. This comprehensive premium care range is specially adapted to the different materials of your vehicle – for gentle, effective cleaning and protection.

Based on natural essential oils, BMW Natural Air provides a fresh atmosphere inside your vehicle. The holder is quick and easy to attach and colour-matched to the interior. The fragrance sticks are fluid-free and interchangeable and there is a choice of six aromas – for example, Energizing Tonic and Vitalizing Woods – each manually adjustable for intensity.

The specialists at your authorised BMW Service Partner offer true peace of mind when it comes to servicing and repair. Not only are they highly qualified, but they also work with state-of-the-art diagnostic equipment and repair technologies. This means that your vehicle emerges from its service technically and visually as new. Thanks to the BMW Service Inclusive package for specific services, you don’t have to worry about costs associated with maintenance and wear either. This level of care means that your BMW holds a high value and also has a longer service life. And for you, it means endless driving enjoyment.
