THE NEW BMW 4 SERIES.
ORIGINAL BMW ACCESSORIES.
ENTER A WORLD OF ENDLESS POSSIBILITIES.
A COMPPELLING FIRST IMPRESSION.

The new BMW 4 Series has irresistible appeal. Whether it’s the BMW 4 Series Convertible, the BMW 4 Series Coupé or the BMW 4 Series Gran Coupé, its commanding presence is established the very second it appears. Is it the intoxicating promise of freedom? Is it the powerfully characterful design with its dynamically stretched bonnet? Or could it be the broad, athletic stance? The decision is yours.

It is also your decision when it comes to giving the BMW 4 Series even more expressive, individual character. Original BMW Accessories offer a fascinating world of aesthetically compelling design and maximum functionality – whether it’s for the exterior or the interior, for communication and information or for transport and luggage. Give your BMW 4 Series a truly unique look – for a first impression that lasts.
ELEGANCE AND ATHLETICISM IN PERFECT UNITY.

Recommended tyres

When buying new tyres, we recommend that you choose those marked with the five-pointed star on the sidewall. Extensively tested by BMW and tailored to your BMW model, they ensure an unforgettable driving experience.

Your BMW Service partner will be happy to advise you.

9  Car Cover Future

The tailor-made, waterproof Car Cover Future provides year-round protection from dirt, dust, environmental influences and scratches. It also helps to maintain the car’s value and features graphics that complement the car’s dynamic design.
With the stripes in black/red (pic 1) or black/silver (not pictured), the car's powerful contours are emphasised even further. They also lend a more athletic and expressive appearance.

The carbon front splitter emphasises the car's sporty design. Hand-made in 100% carbon. Only available in conjunction with the BMW M Sport package or the BMW M Aerodynamics package, as well as the BMW M Performance carbon rear spoiler.

For an impressively sporty sound – inside and out. In weather-resistant stainless steel. Exhaust pipe finishers, depending on vehicle equipment, are also required.

A selection of high-tech aerodynamics, chassis, drive and cockpit components that give your BMW 4 Series even more of a racing feel.

**BMW M PERFORMANCE ACCESSORIES FOR THE BMW 4 SERIES.**

1. BMW M Performance Aerodynamics package
   For even better aerodynamics values and perfectly adapted to the BMW 4 Series. Front bumper components include aerodynamically optimised bumper and splitter. Aiming for the BMW M Performance Parts statement is also made by this kit for the car code M Performance styling. The BMW M Aerodynamics package is required for this feature.

2. BMW M Performance Alcantara steering wheel with carbon trim and race display
   The Alcantara steering wheel with carbon trim and race display has an integrated function read-out on the upper part of the rim. The latest OLED technology and integrated LED displays enable the Race, Sport and EfficientDynamics modes to be operated via buttons integrated into the rim area.

3. BMW M Performance front spoiler, carbon
   The front Spoiler emphasises the car’s sporty design and is hand-made in 100% carbon. Only available in conjunction with the BMW M Sport package on the BMW M Aerodynamics package, as well as the BMW M Performance carbon front spoiler.

4. BMW M Performance Power Kit
   *The Power Kit for the 4 Series touring now engine data, reduces output, torque (250kW/340Nm with the automatic transmission, 260kW with the manual and sprinting power without any increase in fuel consumption in the standard cycle. The kits are developed in accordance with the high standards of the BMW Group, including, in particular, long-term quality and safety tests. Also available for the 420i and 430i.*

For detailed information about the entire BMW M Performance Parts range, please visit the BMW website.

Performance data for the BMW 430i with BMW M Performance Power Kit.
The powerful auxiliary heating ensures that the interior is a pleasant temperature and that the windows are not ice-bound or fogged before the start of a journey. It is operated by the BMW Thermo Call app.

For detailed information about the full range of components for the interior of your BMW 4 Series, visit the Accessories section of the BMW website.
The Travel Set comprises a cabin-size trolley case and a carry-on bag, which can be used to create additional storage space on the rear seat. The luggage items can be transported singly or stacked together. They are held in place using the seatbelt and feature their own anti-theft locks. Available in black/beige (pic 2), black or black/red, this bag can be attached using the middle seat belt and also functions as a rear armrest. With two cupholders and several inside and outside pockets, it offers plenty of storage and can be carried in comfort thanks to its integrated shoulder strap.

The Backrest bag Travel Set comprises a catch-size trolley case and a carry-on bag which can be used to create additional storage space on the rear seat. The luggage items can be transported singly or stacked together. They are held in place using the seatbelt and feature their own anti-theft locks. Available in black/beige (pic 2), black or black/red, this bag can be attached using the middle seat belt and also functions as a rear armrest. 1.  Group 0 in BMW Baby Seat with ISOFIX. Available in black/blue, it is a backless infant seat; the portable baby seat offers maximum safety for children up to approx. 12 months old. It can be used either in conjunction with the separately available ISOFIX base or attached to the three-point safety belt and is also approved for use in airplane seats. Patented air pads provide increased side impact protection for the head area and a removable sun shade ensures even more travel comfort.

Group 1 BMW Junior Seat with ISOFIX (not pictured)

The Group 1 BMW Junior Seat in black/anthracite is, in conjunction with the ISOFIX base, the safe choice for children from around 12 months to four years (approx. 9–18 kg). The seat shell can be attached in a forward or rearward-facing position and, with its patented air pads, offers increased side impact protection for the head.

This seat, in black/anthracite (pic 2) or black/blue, “grows” as required, allowing long-term use for an age group ranging from three to 3.5 years (approx. 15–25 kg). It is attached via the three-point safety belt and can be secured to the vehicle’s ISOFIX anchor points for extra stability. At the same time, patented air pads and high side bolsters provide optimum side impact protection for the head area. The seat also adapts to the angle of the respective car seat. Additionally, the backrest of the Junior Seat has a folding function, so it is easy to carry outside of the car.

2. Group 0+ BMW Junior Seat

This seat, in black/anthracite or black/blue, “grows” as required, allowing long-term use for an age group ranging from three to 3.5 years (approx. 15–25 kg). It is attached via the three-point safety belt and can be secured to the vehicle’s ISOFIX anchor points for extra stability. The same time, patented air pads and high side bolsters provide optimum side impact protection for the head area. The seat also adapts to the angle of the respective car seat. Additionally, the backrest of the Junior Seat has a folding function, so it is easy to carry outside of the car.

Taking care of your BMW, awarded by the Red Dot jury: BMW child seats.

1. Travel & Comfort system – Apple iPad™ mini holder

This clip-on fits into the base attachment of the Travel & Comfort system and offers a secure hold for all compatible Apple iPad™ mini devices, with or without retina display. Thanks to its 360-degree frame and tilt adjustment, it also allows each rear passenger to set up their ideal viewing position.

2. Travel & Comfort system – Apple iPad™ 2, 3 or 4 holder

This holder simply snaps into the base attachment of the Travel & Comfort system and provides a secure hold for all Apple iPad™ 2, 3 and 4 devices. Thanks to its 360-degree frame and tilt adjustment, it also allows each rear passenger to set up their ideal viewing position.

Digital roadmaps (not pictured)

Up to 15% of the road network changes every year, but with the latest digital roadmaps you are always in the picture. Depending on country version, they offer congestion warnings and RDS/TMC (Traffic Message Channel) functions. Model-dependent annual updates, including certificates, are available on DVD or USB sticks.
Infrared stereo headphones (not pictured)

A secure docking and charging system for mobiles from Apple, Samsung, Nokia, Motorola and other manufacturers. To ensure optimal network connection, the adapter uses the vehicle’s exterior aerial. The Snap-in adapter is available in Basic, Music, Media (pic 3), Connect and Connect Universal (pic 4) versions to suit the vehicle and its equipment. These allow audio stored on a mobile to be played through the vehicle’s speakers. The adapter also enables convenient operation via the iDrive Controller, multifunction steering wheel or radio.

The infrared stereo headphones are specially designed for the tablet DVD system. They offer impressive sound quality and excellent comfort, particularly for children.

The Snap-in adapter is available in Basic, Music, Media (pic 3), Connect and Connect Universal (pic 4) versions to suit the vehicle and its equipment. These allow audio stored on a mobile to be played through the vehicle’s speakers. The adapter also enables convenient operation via the iDrive Controller, multifunction steering wheel or radio.

For detailed information about Original BMW Communication & Information Accessories, visit the BMW website.

1. Tablet DVD system
   The high quality tablet DVD system, with either one or two portable monitors, delivers unparalleled entertainment in the rear. The DVD player and the headlamps are integrated and the system can play video, music and images from various storage media.

2. BMW Car Hotspot LTE
   The BMW Car Hotspot LTE provides an unparalleled, high-speed internet experience for up to eight users. All that is required is an LTE-enabled SIM card in each device. The mobile hotspot is easy to install and, thanks to an integrated battery, can also be used outside of the vehicle.

3. USB adapter
   The USB adapter allows for the integration of compatible Apple iPhone™ and iPod™ devices into the car for individual music enjoyment with simultaneous charging. Operation is via the iDrive Controller, the multifunction steering wheel or the radio, and audio is played back through the car’s loudspeaker system.

4. Tablet DVD system
   The high quality tablet DVD system, with either one or two portable monitors, delivers unparalleled entertainment in the rear. The DVD player and the headlamps are integrated and the system can play video, music and images from various storage media.

1. **Trailer tow hitch with fully electric swivelling towbar**
   - Approved for trailer loads of up to 1,350kg (with a nose weight of up to 225kg). With trailer stability control. When the tow ball is removed to the side, the tow hitch is no longer visible. A removable tow ball is also available.

2. **1 × 2 Bicycle/trike holder for trailer tow hitch**
   - The bicycle holder for two bicycles/trikes can be mounted on the trailer tow hitch and features a fold-down function for easy access to the luggage compartment. A ramp for convenient loading, an extension set for a trike and a transport bag are separately available.

3. **Touring cycle holder, lockable**
   - This lockable holder in high-strength aluminium allows the safe transport of a racing, touring, child’s or mountain bike. Bicycles weighing up to a maximum of 25 kg can be attached using an easy-to-use clamp system.

4. **BMW roof rack**
   - The roof rack can be combined with all BMW roof bars and roof boxes. It is particularly easy to fit and, with its robust construction and anti-theft locking system, meets the highest quality and safety requirements.

5. **Highly adaptable lockable ski and snowboard holder**
   - Suitable for all BMW roof rack systems. For the secure transport of up to six pairs of skis, four pairs of skis with ski poles or two snowboards and two pairs of skis with ski poles.

6. **Surfboard holder**
   - For securely attaching a surfboard and mast to the BMW roof rack. Impressively easy to use thanks to its innovative mounting system.

7. **Racing cycle holder, lockable**
   - Suitable for all BMW roof carrier systems, this allows for the safe transport of up to four racing bikes. A separately available front wheel bracket also enables the attachment of quick-release wheels that have been removed.

These contemporary boxes fit all BMW roof carriers and feature a two-side opening system with triple central locking on each side. Available in three sizes – 315, 310 and 410 litres (§) – and four elegant colour combinations.

Transportation & Luggage | 16/17
1 Luggage compartment mat, fitted
This non-slip, water-resistant and durable fitted mat with raised edging protects the boot from dirt and moisture. It also has access, left and right, for storing smaller items. Available in black, black/red and black/beige (pl. 2).

2 Ski and snowboard bag
The ski and snowboard bag can be used to carry up to four pairs of skis or three snowboards in the vehicle and available in different designs. Available in black, black/red and black/beige (pl. 3).

3 Folding box
The folding box has a capacity of 20kg and is ideal for carrying smaller items or for use as a shopping crate. Velcro fastenings make it quick and easy to set up and fold down, it is non-slip and can be stored to save space. Available in black, black/red and black/beige (pl. 3).

For detailed information about the entire range of Transportation & Luggage solutions, see the BMW website.

Please note that the printed colours for the paint, upholstery and interior trims may not faithfully reproduce the appearance of the original colours. They should, therefore, be used as a first impression.
BMW Natural Air products are the most convenient way to create a refreshing interior atmosphere. Fragrance sticks can be placed in a special holder that attaches quickly and easily to any BMW ventilation grille. The sticks are interchangeable and the intensity of their scent can be adjusted by hand. The BMW Natural Air starter kit comprises a holder, colour-matched to the interior, and a fragrance stick in either Purifying Green Tea, Energizing Tonic or Balancing Amber. And there’s no chance of any leakage because the sticks contain no fluid.

Create an atmosphere of well-being and an even more enjoyable ambience – with scents extracted from essential natural oils and made exclusively for BMW.

BMW NATURAL AIR INTERIOR FRAGRANCES.
