BMW 5 SERIES EXTERIOR.

1 White Line rear lights

The beautifully designed, bright-white rear lights feature perfectly cohesive LED light guides. They are simply installed in place of the original rear lights and, with their clear-glass look, lend the rear of the vehicle a unique and unmistakably athletic character.

1 Mud flaps

Protect your car and the vehicle behind from dirt and loose chippings. Available for front and rear wheels.

1 20" light alloy wheels V-spoke 356¹

For the BMW 5 Series Saloon and the BMW 5 Series Touring: finished in Liquid Black and accentuating the sportiness of the vehicles with their high-gloss look.

2 21" light alloy wheels Cross-spoke 312¹

For the BMW 5 Series Gran Turismo: in Ferric Grey and featuring visible wheel bolts. Also available in 20" for the BMW 5 Series Saloon and BMW 5 Series Touring.

3 21" light alloy wheels Star-spoke 311¹

For the BMW 5 Series Gran Turismo: in Chrome and featuring visible wheel bolts. Also available in 20" for the BMW 5 Series Saloon and BMW 5 Series Touring.

4 21" light alloy wheels Double-spoke 238

For the BMW 5 Series Gran Turismo: in Reflex Silver and featuring visible wheel bolts for a sporty look. Complete wheel set with mixed, run-flat tyres.

5 21" light alloy wheels V-spoke 463¹

For the BMW 5 Series Gran Turismo: in Bicolour Ferric Grey, burnished on the visible sides and with visible wheel bolts.

Recommended tyres

When buying new tyres, we recommend that you choose those marked with the five-pointed star on the sidewalls. Extensively tested by BMW and tailored to your BMW model, they ensure an unforgettable driving experience. Your BMW Service partner will be happy to advise you.

6 + 7 20" light alloy wheels V-spoke 281¹

For the BMW 5 Series Saloon and the BMW 5 Series Touring: in Reflex Silver for a particularly athletic appearance.

8 20" light alloy wheels Multi-spoke 410¹

For the BMW 5 Series Saloon and the BMW 5 Series Touring: finished in Bicolour gloss Black, burnished on the visible sides and featuring visible wheel bolts.

9 20" BMW M Performance light alloy wheels V-spoke 464 M¹

For the BMW 5 Series Saloon and the BMW 5 Series Touring: in Bicolour Ferric Grey, burnished on the visible sides and featuring visible wheel bolts plus the M logo.

BMW X5 AND BMW X6 EXTERIOR.

1 M Aerodynamics package

The dynamic appearance of your vehicle is powerfully underscored by the M front apron, the M rear apron and the M side sills. The M Aerodynamics package is part of the M Sport package but can be fitted individually.

1 + 3 21" light alloy wheels Double-spoke 215¹

Finished in gloss Ferric Grey (pic 1) or gloss Black (pic 3) and with a design that combines exclusivity and athleticism.

2 21" light alloy wheels Star-spoke 128¹

In Liquid Black and with a high-gloss look that highlights the sportiness of the vehicle.

4 21" BMW Performance light alloy wheels Y-spoke 375¹

In Bicolour Ferric Grey, burnished on the visible sides and featuring BMW Performance lettering.

Recommended tyres

When buying new tyres, we recommend that you choose those marked with the five-pointed star on the sidewalls. Extensively tested by BMW and tailored to your BMW model, they ensure an unforgettable driving experience. Your BMW Service partner will be happy to advise you.

5 Design Pure Extravagance exterior

The Design Pure Extravagance equipment package gives the exterior of the BMW X6 an even more sophisticated, high quality appearance. The pillar panels and mirror triangles are in high-gloss black and a host of details are finished in Cerium Grey. From the window frames and wing mirror caps to the kidney grille and the accent on the tailgate, it all combines to accentuate the compelling visual appeal of this remarkable crossover. Aluminium running boards and visible underrun protection in stainless steel front and rear, also in Cerium Grey, make a subtle off-road reference.

5 Aluminium running boards

In brushed, anodized aluminium and finished in Cerium Grey, the running boards make for a particularly striking note while also enabling comfortable access.

5 + 8 21" light alloy wheels Y-spoke 627¹

In matt Bicolour Cerium Grey, burnished on the visible sides and featuring weight-optimised, rolled rim bases.

6 21" BMW M Performance light alloy wheels

Double-spoke 310 M¹

Finished in Bicolour Ferric Grey, burnished on the visible sides and with the four-colour M logo.

7 21" BMW M Performance light alloy wheels

Double-spoke 599 M¹

In matt Bicolour Orbit Grey, burnished on the visible sides and featuring rolled rim bases and the M logo.

9 20" light alloy wheels Star-spoke 491

Finished in Black to give the vehicle a strikingly sporty appearance.

¹ Available as a (TPMS) complete wheel set with mixed, run-flat tyres.

FROM THE RACE TRACK TO THE OPEN ROAD.

Breathtaking dynamism, powerfully sporty innovation, the highest quality materials: BMW M Performance Parts bring the fascination of motor sport to the road – and to everyday driving. With uncompromising athleticism when it comes to aerodynamics, the chassis, drivetrain and cockpit. With race-bred high-tech materials such as carbon and titanium. And with endlessly inspiring motor sport feel.

Ready? The entire range of BMW M Performance products for the BMW 5 Series, the BMW X5 and the BMW X6 can be found on the BMW website. Your BMW service partner can also provide a current BMW M Performance Parts brochure.

ONLY JUST ON BOARD, AND YOU'RE ALREADY THERE.

Sometimes it can feel like you've arrived, long before you reach your destination. Original BMW Accessories open up fascinating new perspectives for the interior, allowing you to create an on-the-road experience that exactly meets your wishes.

In focus: Group 1 BMW Junior Seat

Together with the ISOFIX base, the Group 1 BMW Junior Seat in black/blue or black/Anthracite is the safe option for children from approx. 12 months to four years old (approx. 9–18kg). The seat shell can be set up forwards or backwards and patented air pads increase side impact protection for the head.

1 BMW LED doorsill finishers

The sophisticated doorsill finishers with illuminated BMW lettering automatically emit a discreet light when the doors are opened. The high-performance batteries for the LED lights last up to three years and changing them is just as easy as installing the finishers.

1 + 2 All-weather floor mats

The precisely fitting, hard-wearing mats with their raised bordering and elegant design not only protect the footwells from damp and dirt, but also prevent feet from getting wet. Finished in black and featuring high quality stainless steel inserts (pic 1) or BMW lettering (pic 2).

All-weather floor mats for the BMW X5 and BMW X6 (pic 1)

All-weather floor mats for the BMW 5 Series (pic 2)

3 BMW LED door projectors

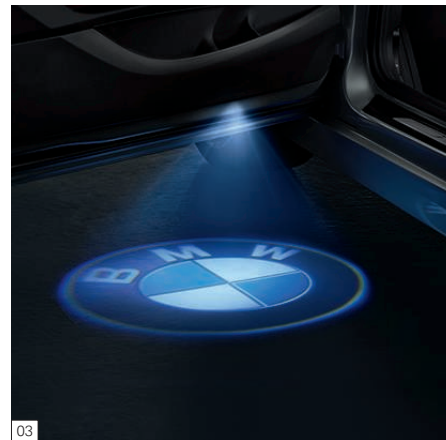

The innovative door projectors automatically activate when the doors are opened. They project an image onto the ground next to the car using an interchangeable slide. There are several designs to choose from, each illuminating the entry area in strikingly individual style.

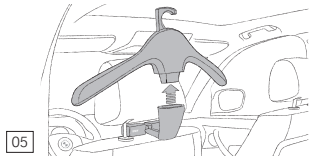

4 Auxiliary heater

The high-performance auxiliary heater for petrol and diesel engines ensures a comfortable interior temperature before the drive even begins, and without icy or fogged windows. It can be activated via the Head Unit, iDrive (using the built-in monitor) or optionally by a separately available remote control.

5 Key case

The key case, in high-quality leather, is firmly attached to the key by means of a stainless steel clasp. It protects against scratches, dirt and moisture, prevents buttons from accidentally getting pressed and features black colouring that perfectly complements the BMW interior.

1 - 5 Travel & Comfort system

The Travel & Comfort system extends the vehicle's functionality. A variety of components can be effortlessly latched onto the sturdy basic carrier, which is easily attached between the headrest pillars. The basic carrier can be used with holders for different Apple iPads™ (page 19) and includes a port for a USB charging cable and a 360° swivelling frame for the iPad. There is also a practical folding table (pics 1 + 2). This has an attractive BMW design, is adjustable for height and angle and features an integrated cupholder with a chrome ring. The clothes hanger (pic 3) makes it possible to hang pieces of clothing on the rear side of the backrest. It can also be used outside of the car (hotel function, pic 5). The universal hook (pic 4) allows for pieces of clothing or light bags to be easily stowed on the rear side of the backrest, providing protection from dirt in the footwell. All system components can be ordered individually.

1 Backrest bag

The high-quality bag is made of durable material and can be attached to the back of the front seat. Thanks to an array of inner pockets, it offers a wealth of storage space for various items and can also be easily folded and carried when needed. Available in black, black/Anthracite, black/red and black/beige.

1 Rear storage bag

This bag, available in black, black/red or black/Anthracite, attaches to the centre safety belt and can serve as an armrest in the rear. It offers a great deal of storage space, plus two cupholders, and can be comfortably carried with the integrated shoulder strap.

6 Group 2/3 BMW Junior Seat

This seat in black/Anthracite or black/blue "grows" with the child because it can be adapted over time to suit children aged from around three right through to 12 years old (approx. 15-36 kg). It is secured with the three-point safety belt and can also be connected to the car's ISOFIX anchor points for increased stability. At the same time, patented air pads and high side bolsters ensure optimal side impact protection for the head. Additionally, the child seat fits optimally into any vehicle seat thanks to its adjustable backrest angle. The backrest's folding function ensures easy transport outside of the vehicle.

6 Sunblind

The practical sunblind is easily attached to the window frame and can even be used when the window is open. Thanks to its precisely fitting shape, it is particularly effective in protecting children from direct sunlight and also helps to reduce the temperature of the interior.

7 Group 1 BMW Junior Seat

In conjunction with the ISOFIX base, the Group 1 BMW Junior Seat in black/blue or black/Anthracite is the safe option for children from approx. 12 months to four years old (approx. 9-18kg). Please see page 13 for further information.

8 Group 0+ BMW Baby Seat incl. ISOFIX base

The portable infant car seat in black/Anthracite or black/blue offers the greatest safety for children up to about 13kg (approx. 15 months). It can either be used in combination with the separately available ISOFIX base, or with one of the vehicle's three-point safety belts. It can also be used on aeroplane seats. Patented air pads provide increased protection from side impact to the head and the removable sunblind ensures even greater travel comfort.

Simply scan the QR code to watch a video that describes the features and functions of the BMW child seats.

THE WHOLE WORLD COMES WITH YOU.

You decide what direction to take in your BMW. It helps, of course, that you can keep in touch with everything around you in so many ways. Discover how, with Original BMW Accessories for communication & information - a world of possibility when it comes to a connected lifestyle and individualised enjoyment on the move.

In focus: Travel & Comfort system – holder for Apple iPad™

The holder for the iPad™, a component of the Travel & Comfort system, simply snaps into a separately available basic carrier. iPads™ can be securely attached and remain easy to use, while the holder can be adjusted to suit each rear passenger thanks to a swivelling frame. The integrated support stand, meanwhile, allows the holder to be set up outside of the vehicle for maximum versatility and convenience.

1 + 7 BMW Car Hotspot LTE

The BMW Car Hotspot LTE provides an unparalleled high-speed internet experience for up to eight users. An LTE-compatible SIM card is the only additional requirement for the device. The mobile hotspot is easy to install and, thanks to an integrated battery, can be used outside of the vehicle.

2 + 6 Snap-in adapter

The Snap-in adapter is a secure docking and charging system for mobiles from manufacturers including Apple™, Samsung, Nokia and Motorola. To ensure optimal network connection, the mobile accesses the vehicle's exterior aerial via the adapter. Depending on the vehicle and its equipment, the Snap-in adapter is available in Basic, Music, Media, Connect and Connect Universal versions. These also allow audio stored on a mobile to be played through the vehicle's speakers. Additionally, the adapter enables convenient operation via the iDrive Controller, multifunction steering wheel or radio.

3 Media adapter for Apple iPod™/iPhone™

For individualised entertainment, as well as charging, compatible Apple™ devices such as an iPod™ or iPhone™ can be integrated into the car using the Media adapter. It shows an album's cover art and plays music and videos. The device can be operated directly using the car's built-in system.

4 BMW dual USB charger

The BMW dual USB charging adapter simply inserts into the cigarette lighter. This allows two external mobile devices to be easily and conveniently charged at the same time. The high current enables the likes of smartphones and mp3 players to be charged very quickly.

5 Tablet DVD system

The attractively designed Tablet DVD system allows rear passengers to experience the best in entertainment. A DVD player capable of relaying a wide variety of video, music and image files from various types of storage media is integrated into one of the two portable screens.

8 BMW Click & Drive system

The BMW Click & Drive system is a holder for smartphones and the BMW Navigation Portable. A new universal clip allows the easy attachment of any smartphone with a width of up to 78mm. The system attaches to the windscreen by means of a special adhesive pad. An integrated USB interface means that devices can be charged inside the car.

9 Digital wireless headphones

These headphones offer an exclusive way to enhance the enjoyment of music or movies. Specially adapted for the new BMW rear entertainment systems, their outstanding tone and full base with static-free sound quality guarantee immersive pleasure.

Infrared stereo headphones (not pictured)

The infrared stereo headphones are specially designed for the Tablet DVD system. Their exceptional sound quality and outstanding comfort can be enjoyed by adults and children alike.

➤ For detailed information on the compatibility of smartphones and tablets with your BMW, please go to www.bmw.com/bluetooth

WHATEVER YOUR GOALS MAY BE, YOUR BMW IS READY TO MEET THEM.

Whether it's business or pleasure, whether it's carefully planned or entirely spontaneous – with the flexibility of Original BMW Accessories for transport and luggage, you will always be ready to take on any challenge. The nature of your goal is the only decisive factor. It's time to get moving.

In focus: Bicycle/e-bike holder for trailer tow hitch

The foldable bicycle rack for two bicycles/e-bikes can be mounted to the trailer tow hitch and includes a tilting function for easy access to the luggage compartment. Guide rails and a carrying bag for the holder are separately available.

BMW roof box 460, LxWxH: 230x82x37cm

BMW roof box 350, LxWxH: 140x90x39cm

BMW roof box 320, LxWxH: 191x64x39cm

1 + 8 BMW roof boxes

The contemporary boxes fit all BMW roof carriers and feature a two-sided opening system with triple central locking. Available in three sizes: 320, 350 or 460 litres (pic 1) and several other colour combinations.

1 - 6 BMW roof rack system

The roof and rail carrier system is compatible with all BMW roof racks and roof boxes and can be easily mounted without tools. With its robust construction and anti-theft locking system, it also meets the highest quality and safety standards.

2 Luggage rack

The lockable luggage rack, in highly durable anodized aluminium, can be used with the tensioning belts to add an abundance of storage space to any BMW roof rack system. The particularly tear-resistant belts feature sturdy turn-buckles and help prevent even the most unwieldy objects from moving around.

3 Surfboard holder

The holder can be used to securely mount a surfboard and mast on all BMW roof rack systems. It features an innovative attachment system that makes handling particularly easy.

4 Ski and snowboard holder, lockable

The lockable ski and snowboard holder is compatible with all BMW roof rack systems and can be used in a variety of ways. Up to six pairs of skis, four pairs of skis with ski poles or two snowboards and two pairs of skis with poles can be securely transported on the car's roof.

5 Racing cycle holder, lockable

The racing cycle holder is suitable for all BMW roof rack systems. It allows for the secure transport of up to four racing bikes. To attach the bikes, the quick-release front wheels have to be removed. The separately available front-wheel holder makes it possible to fasten these wheels to the BMW roof rack system.

6 Touring cycle holder, lockable

The lockable touring bicycle holder is made from high-strength aluminium and enables the safe transport of a racing, touring or children's bicycle or a mountain bike. Bicycles weighing up to max. of 22.5kg can be attached with an easy-to-use clamping system.

7 Click-on rear carrier system for bicycles/e-bikes

The easy-to-install click-on rear carrier system is designed to safely transport up to three bicycles. Its sturdy construction can withstand heavy loads and can also be used with e-bikes. The integrated tilting function ensures that the luggage compartment is always conveniently accessible.

1 + 5 Luggage compartment mat, fitted

The durable, anti-slip and water-resistant mat with raised bordering on all sides protects the luggage compartment from dirt and moisture. Visually, it also perfectly blends in with the luggage compartment. For the BMW X5 and BMW X6, the mat features a stainless steel inlay with BMW lettering and textile pockets left and right.

Luggage compartment mat, fitted for the BMW X5 and BMW X6 (pic 1)

Luggage compartment mat, fitted for the BMW 5 Series (pic 5)

2 Loading sill mat

The durable mat protects the loading sill during loading and unloading and the luggage compartment from scratches and dirt. It is attached using moveable velcro strips on the rear fastening points in the luggage compartment. It can also be used as an anti-slip mat in the luggage compartment.

2 + 5 Folding box

The folding box, with its load capacity of up to 20kg, can be used to store smaller items or as a shopping crate. It can be effortlessly folded and unfolded thanks to Velcro strips, is slip-resistant and can be easily stored away to save space when not in use. Available in black, black/red (pic 5) and black/beige (pic 2).

3 Luggage compartment net

This prevents loose items from slipping in the luggage compartment. The black netting attaches via integrated S-hooks to the vehicle's existing lashing eyes.

4 Luggage compartment restraint belts

With the extremely strong luggage compartment lashing straps, storage space can be divided to suit individual needs. The belts can be quickly attached to the rails, then slid into place to prevent luggage from shifting.

6 Ski and snowboard bag

The ski and snowboard bag allows up to four pairs of skis or three snowboards to be transported in the vehicle's interior and is available in various designs. For optimal safety, the bag must be attached to available fastening points using the lashing straps, which include carabiner hooks.

7 Luggage compartment tie-down straps

Two tear-resistant tie-down straps secure items in the luggage compartment quickly and safely. Available with two different fastening mechanisms.

8 Rear seat protector

This protective cover prevents the rear seats from getting dirty. Thanks to strategically placed recesses for safety belts and buckles, it's the perfect accessory for when travelling with dogs, for example. Available for the BMW 5 Series Saloon and BMW 5 Series Touring with door panelling.

9 Luggage compartment tray

This mat is both impact and acid-resistant, effectively protecting the luggage compartment from moisture, dirt and damage. It fits seamlessly and features bordering raised by 20cm as well as BMW lettering.

SPA TREATMENT FOR YOUR BMW.

Sparkling paintwork, immaculate leather, a highly polished look. With Original BMW Care products, you can give your BMW some very special treatment. Perfectly designed for high-quality materials, they provide gentle care and strong protection. And whether it's for the interior or the exterior, the wheel rims or the windscreen, you will always find exactly the right solution for any task.

AN ATMOSPHERE OF PURE WELL-BEING.

BMW Natural Air products are the most convenient way to create a refreshing interior atmosphere. Fragrance sticks can be placed in a special holder that attaches quickly and easily to any BMW ventilation grille. The sticks are interchangeable and the intensity of their scent can be adjusted by hand. The BMW Natural Air starter kit comprises a holder, colour-matched to the interior, and a fragrance stick in either Purifying Green Tea, Energizing Tonic or Balancing Amber. And there's no chance of any leakage because the sticks contain no fluid.

Create an atmosphere of well-being and an even more enjoyable ambience – with scents extracted from essential natural oils and made exclusively for BMW.

ALL-ROUND SUPPORT FROM BMW SERVICES.

When you purchase a BMW, you can look forward to excellent service and comprehensive customer care. The condition of parts subject to wear as well as brake fluids, for example, are monitored continuously by **Conditioned Based Service** and, if required, status messages are shown in the display. That means you only need to visit your BMW service partner when it is completely necessary.

When you do visit, your vehicle is cared for by our **qualified BMW service specialists** using the **latest workshop technology** and only **Original BMW parts**. This service is available worldwide in more than 3,300 BMW service partner sites in over 150 countries, to provide you with limitless driving pleasure.

For detailed information about all aspects of BMW service, please contact your BMW service partner or see BMW Customer Care at www.bmw.com
